## **Dr. Donna Campbell's Congressional Race Elevated by the NRCC**

Doctor Donna Campbell's campaign for the United States House of Representatives has been upgraded to "On the Radar" status by the National Republican Congressional Committee. The move adds considerable credibility to her run as the Republican nominee for Texas District 25.

"I'm grateful to my supporters, volunteers and team for helping me earn this boost in national attention," Dr. Campbell said. "And I'm very thankful to the NRCC for recognizing our team's growing momentum."

Her inclusion on the NRCC's *On the Radar* list is the first of three steps in the group's program designed to help conservative candidates win in November.

"The next step is making the "Contender" list, and we're doing everything we can to make this grade in very short order," Dr. Campbell said.

Dr. Campbell will be in front of the NRCC later this week as one of

many stops among a three-day series of meetings in the nation's capital.
